

March 30, 1940.

Mr. W. Rufus Jackson,  
104 Barnes St.,  
Greenville, S. C.

Dear Sir:

Your letter of March 27th just received. To begin with you were so long answering my letter to you that I had decided we could not make arrangements to play in Greenville and Spartanburg, so I have proceeded to arrange a trip in another locality. I may be able, however, to arrange to come to these places later in the season.

I do not understand your statement, "the lowest possible rate we could consider would be 15% of the gross gate receipts," you neglected to say 15% of the gross gate receipts for what. In the staging of these games away from home, we expect to pay Park rent, flat rate for lights, percentage for permission and Park help is either included in the rent or not. I would like to have these items all listed separately. As to the cards, I have them completed all printed data and information put on by the Printer in Phila and ship directly ready for distribution, they are accompanied by advertising passes. If there is any additional information you would want on them, you would have to send it to me so I could authorize the Printer to include it. Also we charge 55¢ grandstand.

Will appreciate hearing from you as soon as possible, if you are further interested.

Yours very truly,

AM:CCJ
